## **NERVOUS AND IRREGULAR**

STOCK PRICES FLUCTUATE BROADLY IN OVERSOLD MARKET.

Net Changes Small, but Mostly De clines-Foreign Bonds on Sale-Local Business Becoming Dull.

At New York yesterday money on call was easy at 11/611/2 per cent; last loan 11/2 per cent.

Prime mercantile paper, 31/2@41/2 per cent. Sterling exchange was weak, with actual usiness in bankers' bills at \$4.861-86 6.8614 for demand, and \$4.831/2@4.83% for sixty days; posted rates, \$4.85 and \$4.87@4.88; commercial bills, \$4.82\\@4.83\\4.

Bar silver was 60%c; silver certificates, 60@61%c; Mexican dollars, 47%c. At London, silver bars sold at 28 1-16d an ounce. There was considerable speculative activity in the stock market yesterday and the fluctuations in prices were quite wide and frequent. The net changes are mostly small, so that the result of the day's trading is not conclusive as to the turn in prices. The market was exceedingly irregular all day, and at times very much confused. The opening depression, in sympathy with London, where the Chinese outbreak had an unfavorable effect, was

generally overcome. Prices then broke with some violence, the bear attack being directed especially against Baltimore & Ohio. Continued pressure was evident also against Brooklyn Transit. Baltimore & Ohio was one of those stocks which has been most advanced in price on predictions of a dividend disbursement, and whispers were current yesterday that the declaration of the dividend would be at least de

ferred. The stock suffered to the extent of four points at the lowest level. Brooklyn Transit sold at 49c, which was 2%c below Saturday's level. In sympathy with this acute weakness the whole market sold off, and apparently the liquidation of last market gave evidence later of being oversold and the bears began to absorb stocks was a general recovery of the earlier But there was nothing like demoralization among the bears, the covering movement being conducted in a well prdered manner. The bulls attempted to extend the advance, but prices had not an a fraction above Saturda night's level except in Brooklyn Transit, when the demand from shorts diminished to almost nothing. The dribble of liquidaion was sufficient to turn prices downward again and they were only partly arrested at about Saturday night's level. where the movement became very irregular at the closing. The principal influence in causing the doubtful mood among the professional bears was the sharp break

in wheat. The fact that the break was largely due to technical causes and to a pressure to realize on the part of an overextended long interest, did not seem to lessen its effect, in spite of the continued reports of the damage wrought to crops | 4 cars. in the Northwest. The stock market was apparently as much oversold as the wheat market was overbought, and professional realizing caused the reaction in both cases. The apprehension caused by the Saturday bank statement was also soothed to some extent. The conviction gained ground that the sharp decline in cash reserves was due to preparation for the withdrawal of government deposits and possibly to the placing of bids for the New York city

In this connection an attempt to sell in New York foreign government and municipal bonds is to be noted. The offers included \$250,000 3 per cent. imperial German loan of 1905, at 8814 and interest; a like many, 31/2 per cent. loan of 1809, due 1909, at 94 and interest; \$125,000 city of Manneim. Germany. 4 per cent. loan of 1899. due 1904, at 10014 and interest, and \$80,000 city of Zurich, Switzerland, 4 per cent. loan of 1900, due 1920, at 96% and interest. Bank ers interested in floating the loans declared that they had picked the bonds up at advantageous terms through foreign corspondents and believed them to be good Investments. It was denied that the bonds were sent to this country on account of not

being marketable abroad. The bond market was not active and price changes were irregular. Total sales, par value, were \$1,185,000. United States threes and new fours declined 4c in the

id price. The following are the day's	share	sale

CHICAGO, June 25.-Wheat broke nearly 5c to-day under heavy liquidation but urday's close. Corn closed 1@11%c down, oats 4c higher and provisions from 174c to 20c reduced in ribs to 321/c lower for pork. It was a wild day in wheat-a battle between bulls and bears, in which the latter, tory. July opened at 874c to 864c and sold between 881/2c and 831/4c, closing 2c under Saturday, at &c. There was some dispute so many trades took place at the sound of the gong. Some made the initial range sorts of prices were paid in a jumble and changed hands at 88@881/2c. In the field of news the bulls retained their old friend, the Northwest crop wreck. Manitoba had rain, but Minnesota and the Dakotas reported dry, scorching weather-the kind that burns up vegetation in short order. One Dakota reporter had the temerity to mention the appearance of fly. What harm fly

to sell that between 85c and the bottom there was scarcely a check to the decline Support, credited by many to Wall-street

85%c and hauled it back to 86c, at which the market closed. Receipts here were 18 cars, ten of contract grade. Minneapolis and Duluth reported 474 cars, against 649 last week and 981 a year ago. Receipts at primary points aggregated 818,000 bu, compared with 1,222,000 a year ago. Clearances at the seaboard, in wheat and flour, were equal to 393,000 bu. Corn was active and suffered with wheat and was at one time 21/30 lower than it closed Saturday. It recovered 11/2c of this loss and closed 1@1%c lower, at 41@41%c. The range

interests, caught the breaking cereal at

shorts and some of the old bull crowd buyers on the breaks. Receipts here were 610 Oats at one time on the board held against the downward pressure. With the break in wheat oats dropped off, but recovered in good shape. The support came from the Northwest in the shape of damage

larger. Longs were heavy sellers, with

4c over Saturday, at 25%c. Receipts were 284 cars Provisions were weak under heavy hog receipts and the wheat decline. There was a fair outside demand, which became effective at the bottom and caused some recovery. The close, however, was rather weak at that. July pork sold between \$12.55 and \$12.10 and closed 3214c under Saturday, at \$12.321/2; July lard between \$7 and \$6.85, closing 20c lower, at \$6.871/2, and July ribs between \$7.071/2 and \$6.921/2, with the

Cotton. NEW YORK, June 25.-The sensational bul movement begun some ten months ago culminated on the New York Cotton Exchange this South and abroad have been so effectually round manipulation, the uplift was scored with comparative ease. For several weeks bad crop reports have been pouring in from nearly all parts of the belt, and the European bear faction has been restless. The public manifested an inclina-tion to buy, and leading operators here finally made a bold stand on the bull side. Day after day prices climbed upward with a dizzy rush This morning exceptionally strong English cables and particularly bad crop reports sent few remaining bears to seek safer grounds. The kins & Co.-and at midday its suspension was reported from the rostrum. The announcemer at once created distrust in the bull ranks, eing feared other concerns might be involved and in a frantic effort to unload prices were pounded down 31 points before the final gong sounded. Whereas the West, the South, Wall street and Europe had bought on the opening rise, representatives of all these interests being heavy sellers on the break. Once more jubilan bears hammered the entire list and called atten tion to better weather prospects and good cro reports from Texas. A tumble of 4 cents i wheat also operated as a stimulant upon the sel ng movement. Conservative estimates of the day's transactions placed the amount at consid erably over 1,000,000 bales, the trades made many instances reaching many thousands the close was weak, the crowd anticipating a bul panie in Liverpool to-morrow and a less bullis

Flaxseed.

CHICAGO, June 25.-Flaxseed experienced a remarkable advance here to-day, the September delivery going from \$1.48, to \$1.85 under frantic covering by shorts and reports of serious damage to the crops throughout the Northwest, coupled with a 35c advance in Duluth prices, were the incentives for covering. Holders, however, saw an opportunity for good profits when the high point was reached, and increased offerings caused the market to react. September droppe back to \$1.54 and closed at \$1.56, a net gain o

inactive in all lines of staple cottons, but the downward tendency of prices is checked by the strength of the market for raw cotton. Buyers are taking small quantities for quick delivery and doing very little in forward contracts. Prin cloths are idle throughout and prices nominally unchanged. Only moderate demand for staples: fancies quiet. No change in woolens or worsted

Another Effort in Behalf of Carter. LEAVENWORTH, Kan., June 25 .- Another effort will shortly be made to obtain a rehearing of the famous Carter case. The plan is to try and bring him before a civil court on a writ of habeas corpus and then have the case tried on its merits. Carter was recently visited by a wealthy uncle from New York, and the two held a long conference together. Before leaving, the uncle stated to the warden that he would soon return, accompanied by two of the best attorneys in New York.

hardening tendency, as have lemons and, in fact, all tropical fruits. But few oranges are on the market. Poultry, eggs and butter, if good stock, readily bring prices quoted. More care should be exercised in shipping fresh eggs. Young chickens are in active request. Seed merchants report trade quiet, as is the case with the hide and leather markets. The local grain market attracts more attention, but receipts are not what they should be, show-ing that grain is being held back for better prices. WHEAT BROKE WITH A CRASH IN THE FIRST FEW MINUTES.

Higher-Provisions Lower. closed steady at a decline of 2c from Satfor the first time in weeks, scored a vicas to what really were the opening figures, from 88c to 861/2c. Certain it is that all that two minutes after the opening July

would find left to do was not mentioned. On the bear side of the bulletin board was the Liverpool weakness in the face of the 4%c advance here Saturday, the excellent conditions prevailing in the Southwest and the heavy world's shipments, which included 2,000,000 bu from Russia. The visible

was also on the bear side of the fence, showing an increase of 1.348,000 bu.
The Southwest said: "Look out for a big movement," and declared that harvesting was progressing in many sections under the most favorable circumstances, with promises of wheat enough to go a long ways to-wards making up the deficiency caused by the Northwest failure. The items given undoubtedly had some in the control of the contr undoubtedly had some influence in the selling. Longs were profit takers Saturday and they were ready for more to-day.
